Dear Matt,

I wanted to send you a personal note following the work your crew did on our parking lot to let you know how pleased we are with that work. Not only is the quality of the work exceptional, but each one of the crews were professional, polite and courteous to us and to each of our tenants and their customers.

You were recommended to us by Keith with Raise Rite, and I've already told him that he was right!!

Thanks again, and rest assured that I will strongly recommend your company to other business professionals who are looking for the services that your company provides.

Best regards,

Steve Nelson  
Office Manager
